

Please do not do anything to weaken the Do Not Call law in effect in New Jersey. For the first time in many years, we can actually enjoy our homes without the constant barrage of unwanted and intrusive phone calls at all hours. Telemarketers prey on seniors and others who are not savvy enough to resist their pitches. We all deserve to be free from what amounts to telephone harrassment in our own homes. I applaud what New Jersey has done and believe it should be the national standard.
